

## Chippewa National Forest

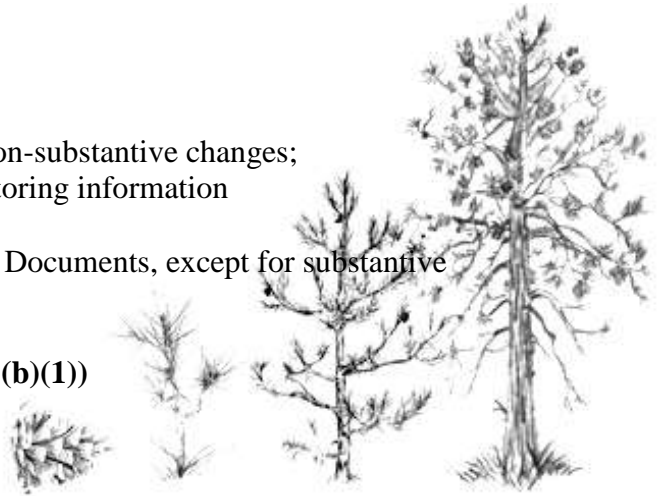

### Administrative Correction 7 08/18/2006 Change to SIO Map

Administrative corrections are defined at 36 CFR 219.7(b) and may be made at any time and are not plan amendments or revisions.

Administrative corrections include the following:

- (1) Corrections and updates of and maps,
- (2) Corrections of typographical errors or other non-substantive changes;
- (3) Changes in the monitoring program and monitoring information
- (4) Changes timber management projections; and
- (5) Other changes in the Plan Document or Set of Documents, except for substantive changes in the plan components.

**Forest Plan Chapter 2, page 2-46(36CFR 219.7(b)(1))**

The Scenic Integrity Objective (SIO) for the North Country Trail was incorrectly mapped as “moderate”. The Final Environmental Impact Statement ( FEIS 3.8-3, FEIS Appendix J, J-299) as well as communications with partner agencies make it clear that the intent was for the North Country Trail to be designated as a High SIO. The SIO for this trail is changed in the Forest’s corporate GIS data base to “High”.
